This is the draft of the work assignment. I have requested this morning for the contracting Officer to review it quickly to approve it. The Project officer has already reviewed it. If this is approved, the contractor can start work immediately.

We can talk about the task order in today's meeting. I am working on it. I will finalize it by tomorrow, if the Quality Assurance is approved.

Econ junkies,

We will discuss all the elements we are including in the Task Order. Ali will bring or send the last draft in advance that includes all elements.

Thank you all.
